MAKE CHECKS PAYABLE TO UPSTATE CANCER CENTER

There are very few who can claim cancer has not impacted their lives. Too few. Whether it is a personal diagnosis or the diagnosis of a family member, a friend, co-worker or acquaintance, cancer is a very real, very sobering creature.

Hope, however, is also very real. Groups like the Upstate Medical University are providing hope through their research, education, patient service programs and relentless search for a cure. Let us find that cure. A cure for the millions of individuals battling with this malicious disease everyday; a cure for the memory of those we loved dearly who were taken too early. For all the family, friends and strangers radiating the kind of strength that saves lives; for the bravest of souls refusing to go quietly. For them, and millions more, we *will* cure cancer.
